

SM-2714

Indicator Stand

The SM-2714 Indicator Stand is specially designed for remote indicators used by a variety of professional Charder scales, providing a robust alternative to table stands or wall mounting.

Non-slip stable base allows indicator to be positioned safely and securely, and viewing angle can be easily adjusted using hand-adjustable screws on bracket.

Adjustable viewing angle

Example of SM-2714 used with MS6080 Bed Scale
